DO BABIES PAY?

["Do Babies Pay?"] is the subject that is being discussed by some of the editorial writers of the day.

Each night when I go home from work,  
Tired with toil of day,  
A little tot is waiting me  
To drive the cares away.

"Here comes papa!" aloud she cries—  
Her chubby hands raised high—  
"Oh, doody, doody, papa's home!"  
I hear as I draw nigh.  
And then she toddles down the walk  
And meets me at the gate,  
And I forget I'm tired out  
When she begins to prate:  
"Oh, papa, I'm so glad you come—  
I flunk you're awful nice—  
Say, papa, how much did I cost,  
And am I worth de price?"

She tells me what a "splendid time"  
She's had "wif dolls and toys"—  
A perfect little chatterbox,  
Chock full of life and joys.  
And every evening she and I,  
When supper time is over,  
Can hardly wait until we've had  
A romp upon the floor.  
And when her mamma interrupts  
With baby's little gown,  
She cries, "Oh, mamma, looky here!  
I've got my papa down!"  
Then as we tuck her in her bed,  
She says, "Tome-tiss me twice—  
And, papa, how much did I cost,  
And am I worth de price?"

Wonder If This Little Story Fits Anybody in Maysville

Kansas City Journal.

A man who was too economical to subscribe for his home paper sent his little boy to borrow the copy taken by his neighbor. In his haste the boy ran over a \$4 stand of bees and in 10 minutes looked like a warty summer squash. His cries reached his father, who ran to his assistance, and, failing to notice a barbed-wire fence, ran into it, breaking it down, cutting a handful of flesh from his anatomy and ruining a \$5 pair of pants. The old cow took advantage of the gap in the fence and got into the cornfield and killed herself eating green corn. Hearing the racket the wife ran, upset a four gallon churn of rich cream into a basket of kittens, drowning the whole flock. In her hurry she dropped a \$25 set of false teeth. The baby, left alone, crawled through the spilled cream and into the parlor, ruining a \$30 carpet. During the excitement the oldest daughter ran away with the hired man, the dog broke up eleven setting hens and the calves got out and chewed the tails off four fine shirts.

NEW YORK CITY is to have a new skyscraper hotel to cost \$15,000,000. Based on either the height or the cost of the fodder factory, the rates are sure to be out of reach of the country Editor.

Down in Newport a small boy found a railroad torpedo in front of a barber-shop. After he got tired carting it around in his pockets, he took a notion to find out what was inside of it. He hit it with a hammer: and now he is minus one eye. Straightway his father sued the L. and N. Railroad Company for \$15,000 damages; and Judge BERRY is going to let him prove to the Jury, if he can, that the Railroad Company put it there. As it was found in front of a whiskers laundry, why not charge it up to the Honorable GEORGE FRANKLIN WEAVER, the strolling tonsorialist of GOEBEL fame?

In addition to a letter expressive of its appreciation of the aid and succor given to the injured and care bestowed upon the dead in the South Harrisburg wreck of May 11th by the people of Harrisburg, the Pennsylvania Railroad Company has donated \$10,000 to the Harrisburg Hospital. The donation was given to the Hospital without any restrictions as to its use, that being left entirely to its Board of Managers. Oh, these "sonless corporations!"

ACCORDING to a Washington story Justice HARLAN desires to resign from the Supreme Bench, accept the Republican nomination for Governor of Kentucky, and round out his career as Chief Executive of his native state. Quite a beautiful idea for the distinguished jurist. If he desires to round out his career as an officeholder in Kentucky, however, it will be necessary for him to run for Congress from the Eleventh District. That is the only poetical and political cinch in this state.—*Cynthiana Democrat.*

Which has much of truth in it, and by reason thereof emphasizes all the more Democratic injustice in Kentucky. On every occasion, when political success demanded it, whether legal or illegal, the Democratic Legislature has gerrymandered the Congressional Districts in this state until they have practically corralled all the strong Republican counties into the Eleventh—without the slightest regard to the Constitution, which provides as nearly equal population as possible in the formation of Districts.

## Political Pickings

"TOO HONEST TO BE GOVERNOR."

Cincinnati Post.

Governor Douglas of Massachusetts has announced that he will not again run for office, and some of his supperserviceable friends explain that he is "too honest to be Governor."

It may be that Douglas has been misrepresented. Honesty which will not fight for right of way is a poor imitation of the real thing. Nobody has yet said that Joe Folk was too honest to be Governor of Missouri. He couldn't be.

If Douglas has the high principles which are attributed to him he ought to want to keep right on being Governor until these principles triumph. Else a suspicion that the Bay State Executive is not suffering from too much honesty, but too little courage.

## YESTERDAY'S CONVENTION

### DEMOCRATIC "HARMONY!"

The War Dogs Literally Turned Loose at the Courthouse

Two Conventions and a Double-Headed Ticket—Under Which King?

The Democratic Convention to nominate a candidate for Commonwealth's Attorney for the Nineteenth Judicial District met at the Courthouse at 11 a. m. yesterday, being called to order by Sheriff J. R. Roberson, District Committeeman.

Messrs. J. R. Roberson of Mason and R. D. Wilson of Lewis were placed in nomination for Temporary Chairman.

Lewis, Greenup and Bracken voted straight out for Wilson, 21 votes; and a part of Fleming added 10.

Mason voted 15 for Roberson, and another part of Fleming added 10, making 25—and here the fun began.

DELEGATE FROM FLEMING.

Fleming's pair of delegations sent no credentials—one party headed by Colonel T. Marsh Fleming and the other by A. S. Kendall—each claiming to be "it."

With visions of Music Hall, of Redwine and of the famous J.—Willard-Mitchell-Cantrill Convention before him, Mr. Roberson decided that the Marsh Fleming crowd was the proper one. Here Pandemonium broke loose all over the house.

Colonel Fleming proceeded to stamp holes in the county line; Rolls Hart howled till you could have hung your Panama on his voice; Hennessey screamed for fair play and an honest

HENNESSEY EXPLAINS THE SITUATION.

deal; Sam Higgs, the Congressman's ex-Secretary, painted Jim Kehoe red, white and blue; and there were more blood-and-thunder demonstrations than you could load on the wharfboat; during which the Bracken delegation withdrew in a body, hurling defiance at Mason county.

Finally the warring factions quieted sufficiently to take a vote for Temporary Secretary, Mr. S. J. Collins of Flemingsburg receiving the votes of Mason and Fleming—the other counties being as silent as a deserted graveyard.

And now Colonel Slattery asked to be heard in the interest of Harmony; but his appeal was met with hearty jeers from the diabolical Hennesseyites and the Pumphreyites.

As a compromise, however, the Chair put and declared carried Mr. Slattery's motion for an adjournment till 1:30, by which time it was thought good feeling would be on tap.

The Convention met at 1:30, and the Temporary Organization was made permanent.

The Chair appointed a Committee on Credentials, composed of C. C. Wilson of Greenup, J. F. Maher of Fleming, Dr. L. A. Grimes of Lewis, Josh Cummings of Bracken and T. D. Slattery of Mason;

And the Convention adjourned until 3 o'clock.

### ANOTHER CONVENTION.

In the interim, with a "posted" representation from each of the counties named, Mr. Elmo Adair of Lewis mounted the platform and called a Convention, composed of Delegates from

Bracken, Lewis, Greenup and A. S. Kendall's part of Fleming.

Mr. George T. Reynolds of Bracken was made Chairman and George P. Dudley of Fleming Secretary.

Nominations were called for, and M. J. Hennessey of Bracken and J. D. Pumphrey of Fleming were named.

A call of the counties followed, when Lewis voted 7, Greenup 6, Bracken 8, and Fleming 3 for Hennessey—a total of 24.

Seven votes of Fleming were cast for Pumphrey.

After making Hennessey's nomination unanimous, this Convention adjourned.

### RESUMED BUSINESS.

Promptly at 3 o'clock Chairman Roberson resumed business at the old stand.

The Committee on Credentials reported, recognizing Colonel Fleming's delegation as the lawful one from Fleming county.

Nominations were now called for;

And here Mr. Clarence L. Sallee took the stage for a speech. After paying a handsome tribute to the dead official whose honorable place he had sought, and thanking the friends who had so generously supported him for that position, with a pledge of hearty aid to the nominee of the Convention, he withdrew his name from the race.

He was cheered to the echo.

A call of the counties elicited no nomination; Then Mr. Maher of Fleming named Mr. J. D. Pumphrey of that county for Commonwealth's Attorney, seconded by Mr. Fleming; and he was declared the nominee by acclamation.

On motion of Mr. Slattery, the Rooster was made the emblem under which the nominee will sail.

And after Mr. Pumphrey told how he had "fit" for the party, how he was going to be elected, and thanking the Convention for the high honor bestowed upon him,

This Convention also adjourned.

Three paying oil wells were struck last week in the Beaver Creek field on the Knott-Floyd border.

Carl von Friesen, Minister of Education and Ecclesiastical Affairs for Sweden, is dead at Stockholm.

An Object Lesson to the South

FROM THE TRADERMAN, CHATTANOOGA, TENN.

The following picture is from a recent editorial in The Memphis Commercial-Appeal, and while written from a different standpoint and for a different purpose than the one to which we will apply it, still it portrays conditions that should receive the most earnest thought of every loyal American citizen, wherever he may reside; but more especially do we commend it, with the lessons logically deducible therefrom, to the press and people of the South:

"This New North seems to have no regard for the law, for good Government, for honest elections, for the rule of the people. Democracy has yielded to the boss. One hundred thousand illegal voters are admittedly registered by the Republican machine in Philadelphia. The mob is cock of the walk in Chicago. The thieves are lords of the ascendant in Pittsburgh. Every citizen in Rhode Island practically is for sale. New Jersey glories in her corporate rottenness. New York is the rendezvous for official black-mail and corporate plunder. And so it goes. The New North seems to be without morals, without virtues, without honesty and without any recognition whatever of the elemental principles of popular Government."

We assume the entire correctness of this picture and give it as our strongest conviction that this deplorable state of affairs could exist in this country from only one cause, and that the lowering of our standard of citizenship through the indiscriminate admission of immigrants. Recent exposures of a secret agent of our Government, sent to Europe for the purpose of investigating the character of the immigrants coming to this country, a Mr. Braun, show that we are receiving with the knowledge and connivance of foreign Governments, their pauper and criminal classes.

This trusted agent of the Government makes this as an official report to the President, and he further says that it has been and is now the practice of some of these Governments to

make it a condition with some criminals that they will be released if they will go to the United States. This agent also found an institution near Budapest from which pauper children are taken and placed in the hands of fictitious parents to be brought to this country at so much a head.

A still further fraud exists in the issuance of counterfeit naturalization papers, so that thousands come into the cities of the North and at once enter under the control of political ward bosses, who vote them in "job lots" for a money price. Does anyone wonder that corruption runs riot in these cities?

These census figures give the total number of immigrants that have come into this country up to the 1st of January in round numbers to be 23,000,000, or one-half of the present population of the Northern, Eastern and Western states. In some of these the foreign born exceeds the native born population by from 200 to 400%.

This has become so great a menace to the entire North, East and West that in consequence a cry has arisen from all portions of these sections that "the South is not getting her share of these valuable accessions to our American population," and some of our Southern friends have taken the bait, hook and all, and now the South is confronted with a menace from which they have hitherto been freed, and that through the agency of the much maligned Negro. Let us see how we have fared under this discriminating policy that has given the North all these immigrants and which the presence of the Negro has kept out of the South.

Taking the census records for the twenty years ending with the last one, or from 1880 to 1900, the balance of the country increased in agriculture 65%, while the South increased in the same period 72%. Manufactures in-

creased in the rest of the country outside the South during this period 242%, while the South increased 348%. The increase in value of manufactured products during this period for the balance of the Nation was 135%, and for the South it was 219%. By way of explanation of these startling figures the South has kept her population almost entirely intact, there being twice as many foreign born citizens in the state of Illinois as in the entire fourteen Southern states combined.

What a tribute is this to the native American blood that flows so fully in the veins of the people of the South! What incentive exists in these figures to keep the population of the South free from the taint that is inevitable from the reception of indiscriminate classes of foreigners? The people of the South have made the proudest record vouchsafed to any in the world since the close of the Civil War, and now as we stand on the threshold of greater things are we to have that proud record stained by admitting among us the "scum of Europe?"

This is the fate in store for us if our Southern ports are opened to the reception of immigrants, as many are proposing. The North, aided and abetted by the Commissioner of Immigration, is very solicitous to have the South receive the hordes coming to our shores, but we must not permit it; not only must our own loved land of the South be kept for our children as pure as we can have it, but a cry should be heard from all over the South that will stay this tide of immigration which is demoralizing the North.

Sorely the United States will not be content to become a mere penal colony for Europe. It rests largely on the South to save not only her own section from this menace and damning blight, but that of the rest of the country as well. No higher duty rests today on our country than the protection of her population, and we shall never be silent until this is done.

Washing pots and kettles—an unattractive task at best! And doubly so when attempted with sticky, strong smelling yellow soap. There's a way to escape this drudgery. Use EASY TASK, the naphtha and borax soap that cuts grease and dirt like magic, and makes the cleaning of kitchen utensils a comparative pleasure. 5c at all grocers'.

River News

The river is falling at this point.

The Keystone State will be up tonight for Pittsburgh.

The Tacoma passed up last night for Pomery with a good trip.

Barge water was expected at Pittsburgh Tuesday to send another coal fleet South, but it did not materialize.

The machinery of the packet Hudson, which burned at Cincinnati, will be removed and used to furnish power for some other new boat.

The Winnifrede, J. B. Lewis and J. T. Hatfield from Kanawha with tons of coal have arrived in Cincinnati and all the boats will return with empties.

The Gleaner reached Louisville from Cairo a few days ago, having made the trip of 400 miles in sixty-two hours with nine coalboats and three barges in tow.

The machinery on the towboat Relief, which sank at Cincinnati last winter, has been removed and shipped to Pittsburgh, where it will be used for a new boat, which will be built by the Monongahela Consolidated Coal and Mining Company.

A large coal hoist, the property of the Monongahela River Consolidated Coal and Coke Company, is moored at Allegheny in the Allegheny river. The craft is the first of its kind in this part of the country, and will be taken to New Orleans for the purpose of loading coal on the large ocean steamers. It has a capacity of 200 tons per hour. The shaft is 81 feet high and coal can be raised to the height of 80 feet. The hoist, if successful, will revolutionize the work of this nature, as it is possible for it to do the work quicker and noblish certain other disagreeable features now connected with the business.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish War knew what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors, but they did him no good. One bottle of this remedy cured him, and our neighbors will testify. I thank God for so valuable a medicine." For sale by all Druggists.

A London paper alleges that the Government lost \$5,000,000 by reason of frauds in military stores in the Boer War.

We read in the local papers the items from Rural Route No. 2 or 4 and wonder where they are, whether in the direction of the North or South pole or whether the people mentioned

therein reside near Georgetown, Williamsburg or Opossum Run. We hear some people talk here of telephone and even of electric car line, all of which are nice to have if we can use them to our advantage. But suppose you establish a R. F. D. Route and knock out your P. O. and name of your town and call you Rural Free Delivery Route No. 2. Guess comment is not necessary.

In the Patent Office reports one is struck with the multitudes of inventions which are constantly being patented in Washington. And a glance at the records would show how many of them have been put into use all over the world and are practically indispensable. Enormous fortunes have been and are made from these simple contrivances. Take, instance, the copper shoe.

This is seldom seen to-day except in the rural districts, but during the year it was in use the inventor made \$50,000 to \$100,000.

TIME IS THE TEST.

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon find out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

W. H. Paul, carpenter by trade, living at 333 East Third street, Maysville, Ky., says:

"I value Doan's Kidney Pills as highly today as I did when I first used them in 1890. I got a box of them and used it for pain in my back and other evidences of a disordered condition of the kidneys which had given me much trouble for two years or more. This remedy acted promptly and I was soon cured. I did not notice any of the difficulties until some four years later or about a year ago. I again procured Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore and all symptoms of the trouble were quickly and thoroughly removed. Since then I have not noticed any signs of trouble of any kind arising from my back or kidneys. I most cheerfully re-indorse Doan's Kidney Pills for they are certainly worthy of recommendation."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
